With immense joy and gratitude, we proudly present this month's edition of our school e-newsletter. The beginning of the new academic year brings renewed hopes, aspirations, and achievements that inspire every member of our school family.

We offer our humble prayers at the Lotus Feet of our Beloved Bhagawan Sri Sathya Sai Baba for showering His divine blessings upon our institution. By His grace, we have been blessed with outstanding results and countless opportunities to serve society through education. We pray that the new academic year becomes another golden milestone in the glorious history of our school.

We extend our heartfelt congratulations to our dear students and dedicated teachers for achieving a historic milestone in the AISSE 2026 examinations by securing the highest ever result of 99.2%. This remarkable accomplishment reflects the spirit of hard work, discipline, commitment, and excellence nurtured in our institution. We are proud of every student and teacher who contributed to this glorious success.

As we step into the new academic year, we warmly welcome all our teachers, non-teaching staff, parents, and students back to the campus. May this year be filled with enthusiasm, learning, creativity, and noble achievements. Together, let us continue our journey towards academic excellence and character building. We also express our sincere gratitude to all the well-wishers, devotees, alumni, parents, and supporters who have stood with us in the development and progress of our institution. Their encouragement, cooperation, and valuable contributions continue to strengthen our mission of providing value-based education.

May Bhagawan guide us all towards greater success, unity, and service to humanity.

With humble regards
— Editorial Board

Jyothi Pradana Ceremony

A farewell programme to our outgoing Class X students.

Students of class 10 donated Rs 31000/- to the school welfare fund as a token of love and gratitude

"Master Dhanush H Waddar, Class X B, Receiving Best All rounder Award"

"Master Sadashiva Soddi, Class X A, Receiving Best Outgoing Student Award"

THE ETERNAL LOVE

The name graven in our heart
With Love that never depart.
We call him Swami
Who is Antarayami.

Brimming with love
His heart is as dove
We offer him flowers
In return gives love-showers

LAST BENCH STORIES

The last bench is not simply furniture in a classroom - it is a mini kingdom of whispers, giggles, and unforgettable adventures. It quietly watches every classroom drama while its citizens enjoy their own secret world. Before exams, however, the atmosphere changes completely. The kings and queens of the last bench suddenly become "scholars, flipping pages at rocket speed and praying for easy questions. The last bench may be famous for laughter and little distractions, but it also holds some of the happiest school memories. The last bench may stand at the back of the classroom, but it stays at the front of our school memories forever.

IMPORTANCE OF HOBBIES

Hobbies are essential for personal well-being, acting as a crucial outlet to reduce stress, recharge your mind, and prevent burnout. By stepping away from daily responsibilities, you foster creativity, learn new skills, and build a healthier balance between work and personal life. Engaging in activities purely for enjoyment provides a necessary counterweight to the pressures of work and academic responsibilities. Hobbies often serve as a meeting ground for new people. While some hobbies are sedentary, many encourage movement and physical discipline. One of the most significant benefits of a hobby is its ability to reduce stress. Mastering a new skill in a hobby provides a sense of achievement, and by investing time in our hobbies, we can improve our mental health and overall happiness. Therefore, everyone should find a hobby that they enjoy and make it a regular part of their routine.

THE IMPORTANCE OF SCHOOL LIBRARIES

A school library is one of the most valuable places in a school, a storehouse of knowledge where students can find ideas.

School libraries provide a wide variety of books, including textbooks, storybooks, reference books, and magazines. Reading these books helps students improve their vocabulary, knowledge, and imagination. In today's world, school libraries play a vital role in education by helping students become more knowledgeable, creative, and confident learners. A school library is a treasure house of knowledge that supports learning and personal growth.
